Gene Dai

hi@genedai.me · genedai.md · linkedin.com/in/genedai · California

I build hiring products. I led products for candidates, employers, and headhunters at BOSS Zhipin and Liepin, and now co-found Metix AI, an *AI-native hiring platform*.

About

Gene Dai is a product builder and Co-Founder & CPO of Metix AI, an AI hiring platform that reached #1 on Product Hunt. He previously held senior product leadership roles at BOSS Zhipin (BZ/2076.HK), China's leading mobile recruiting platform, Liepin (6100.HK), Zuoyebang, and Zhidemai Tech (300785.SZ), spanning recruiting, education, and e-commerce. He writes on AI and HRTech across Medium, Substack, and his personal blog, and maintains 160+ open-source repositories on GitHub.

Journey

- **Co-Founder & CPO** — Metix AI — AI hiring platform · `2025 - Present`
- **Head of Product Management** — Zuoyebang — China's largest K12 online education platform · `2024 - 2025`

- **Product Director** — Zhidemai Tech (300785.SZ) — Consumer content & commerce platform · `2021 - 2022`
- **Head of Product** (also led Kanzhun.com) — BOSS Zhipin (BZ/2076.HK) — Mobile recruiting platform · `2018 - 2020`
- **Senior Product Manager** — Dora Tech — Self-service shared printing (Sequoia Capital China backed) · `2017 - 2018`
- **Co-founder & Chief Product Officer** — Feel — Health & fitness app (ZhenFund backed) · `2014 - 2017`
- **Beihang University** — Computer Software Engineering · `2013` · `Education`

Projects

Products, tools, and resources — mostly at the intersection of AI and hiring.

Metix `metix.ai` AI hiring platform. Define the role and meet interview-ready candidates: Metix AI reports 95% of roles get a first interview scheduled within 24 hours.

Raltic `raltic.com` A shared workspace where product teams hand tasks to AI agents, review the results, and approve decisions. Private beta.

VentureDex `venturedex.co` Startup research on products, funding, and investors. 400+ company profiles across AI agents, developer tools, healthcare, and more.

HireAI Directory `hireai.genedai.me` 249 HR AI products across five technology eras, from 1990s applicant-tracking systems to today's AI agents, with analysis pages and evaluation checklists.

Website2Markdown `md.genedai.me` Turns any web page into clean text that AI tools can read. Free, with an API for developers.

ModernCV `genedai.cv` Free AI resume builder with 28 templates and instant PDF export.

Recruit Navigator `recruit.genedai.me` A map of recruiting and AI hiring tools: 320 categories, 2,100+ resources.
